Piecing

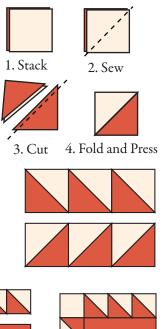

- **Step 1.** On three 2-7/8" squares of background fabric, draw a diagonal line.
- Step 2. Pair each background square with a 2-7/8'' print square. Stitch a scant 1/4'' on each side of the drawn line.
- Step 3. Cut apart on the drawn line. Press toward the print fabric. Yields six half-square triangles.
- Step 4. Make two strips with three half-square triangles in each strip.

Note: these strips need to be mirror images of each other.

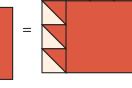

Sew a 2-1/2" square of background fabric to one of the strips.

- Step 5. Add the triangle strips to the sides of a matching 6-1/2" square.
- **Step 6.** Repeat to make 48 blocks four from each print.

Half Square Triangles

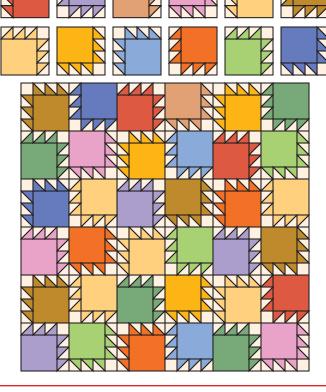

Assembling the Top

- Step 1. On a design wall or the floor layout the blocks in eight rows – six blocks per row. You may choose to arrange all blocks facing the same way, facing the opposite direction in alternate rows, or randomly.
- Step 2. Add inner and out borders.

Finishing the Quilt

- Step 1. Layer and baste.
- Step 2. Quilts as desired. An all over design would work well here.
- Step 3. Bind and add a label. Enjoy!
